This project is a DSA oversight project, and is currently in plan check review.

Project is on timeline for completion during summer 2013.

Scope of Project

- American’s with Disability Act (ADA) compliant parking, curbs, and walkways in parking lot
- Single entry and exit for safety and better traffic flow
  - Requires removal of existing tennis courts.
- Separated drop-off for parents and bus to meet new standards and for safety.
- Grading and drainage improvements for improved winter conditions.
- New lighting and cameras for increased site security and safety.
- ADA upgrades to bathrooms in wing 3-10, multipurpose room, and new bathroom to support additional kindergarten classroom #5.
