A. BACKGROUND AND OVERVIEW

The Pollock Pines Elementary School District ("District") has determined that prequalification in compliance with Public Contract Code section 20111.6 is required for the upcoming Sierra Ridge MS Modernization project and that Contractors’ must submit qualifications as part of the project. In addition, all mechanical, electrical and plumbing ("MEP") subcontractors (as defined by Public Contract Code section 20111.6(k)) must be prequalified prior to submitting any bids for the Construction Increment services on this Project. MEP subcontractors subject to these requirements are those with any of the following license classifications: C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43 and C-46. Contractors’ and MEP subcontractors must have submitted a prequalification application no later than ten (10) business days before the due date for proposals and/or bids or have been prequalified for at least five (5) business days before the due date for proposals and/or bids.

1. As a condition of bidding to perform any construction work on District projects, and in accordance with California Public Contract Code section 20111.5 and 20111.6, the District requires prospective bidders in the above categories to:
   a. Fully complete a prequalification questionnaire on the form supplied by the District Titled “Prequalification Questionnaire” and submit to the District by October 31, 2019 or at least ten (10) calendar days prior to submitting a proposal and/or bid.
   b. Provide financial information to the District.
      Note: Collectively, the Prequalification Questionnaire and Financial Information are referred to as the “Prequalification Statement”).

2. Once a Contractor’s Prequalification Statement is submitted, the District will notify the Contractor that they meet the prequalification requirements.

3. Contractors’ who are prequalified must update their Prequalification Statements as status or information changes.

4. A Contractors’ bid for a Project will not be accepted unless the District has prequalified the Contractor.

B. PREQUALIFICATION PROCESS

1. All prospective licensed Contractors’ who wish to qualify for work on the Projects shall submit a Prequalification Statement in a sealed envelope to:
2. Each Contractor(s) shall fully complete the Prequalification Statement and timely submit all documents as indicated therein. All information requested in the Prequalification Questionnaire must be provided in order for a Prequalification Statement to be considered responsive. The Prequalification Statement shall be submitted simultaneously as one package – it shall not be submitted piecemeal. Contractor(s) shall submit one (1) completed Prequalification Statement with required attachments in hard copy format (i.e., 8-1/2” x 11” paper) in a sealed envelope as indicated above. A Contractors’ submission of an incomplete and/or unclear Prequalification Statement will likely result in a determination that the Contractor is non-responsive.

3. AB 574 provides that “The questionnaires and financial statements shall not be public records and shall not be open to public inspection; however, records of the names of contractors applying for prequalification status shall be public records subject to disclosure” under the Public Records Act. (Section 20101[a]). The model questionnaire forms provided by the District indicate that the “Contractor’s Information Sheet” of each questionnaire is a public record, and that all other pages of the questionnaire are not public records.
   a. If prequalified, Contractor(s) will be prequalified for one (1) calendar year following the date of initial prequalification.
   b. The District reserves the right to:
      (1) Request that Contractor(s) update prequalification forms;
      (2) Request that Contractor(s) update prequalification forms on a quarterly basis;
      (3) Revoke and/or rescind the prequalification status of a Contractor;
      (4) Use some or all of the information provided in the Prequalification Statement for evaluation purposes.
   c. The District reserves the right, in its sole discretion, to reject any or all Prequalification Statements or to waive irregularities in any Prequalification Statement received.

4. A Contractor’s Prequalification Statement shall be deemed non-responsive if:
   a. Contractor does not provide all requested information.
   b. The Prequalification Questionnaire is not signed under penalty of perjury by individuals who have the authority to bind the Contractor on whose behalf they are signing.
c. Information contained in the Prequalification Statement is not updated under penalty of perjury when it is no longer accurate.

d. Any information provided by the Contractor is misleading or inaccurate in any material manner (e.g., financial resources are overstated; previous violations of law are not accurately reported). Even after a Contractor has been prequalified, the District reserves the right to revoke that determination at any subsequent time, to terminate any contract awarded, and to cease making payments if it determines that any information provided by the Contractor in its Prequalification Statement or subsequently was incomplete, misleading, or inaccurate in any material manner.

5. Any Contractor wishing to submit a bid must have their Prequalification Statement approved by the District at least five (5) business days prior to the opening of sealed bids.

C. APPEALING A QUALIFICATION FINDING

1. A Contractor may appeal the District’s decision. If a Contractor decides to appeal the District’s qualification decision, it must follow this procedure: Contractor shall submit, in writing, within five (5) working days from notification, a request for a written response from the District to explain any aspect of the District’s determination.

2. Within five (5) working days from receipt of the District’s written response to the Contractor’s request, Contractor may submit, in writing, a request for a meeting with the District’s staff. Contractor may submit with the request any and all information that it believes supports a finding that District’s determination should be changed.

3. Within five (5) working days from receipt of the District’s written response to the Contractor’s submittal of information, Contractor may submit, in writing, a request for a meeting with the Superintendent at which time Contractor may discuss information that it believes supports a finding that District’s determination should be changed.

4. Within five (5) working days from receipt of the District’s written response to the Contractor’s request, Contractor may submit, in writing, a request that the District’s finding be submitted to the District’s Governing Board (“Board”), at which time the Contractor may address the Board pursuant to the Board’s procedures for public inquiry.
