There was no public comment.

President Cullen opened the hearing regarding the proposed use of flexibility transfers of categorical funds. Superintendent Spencer stated that educational organizations are advising districts to use the flexibility option to the greatest possible extent during this dire budget time to offset some deficit spending. Educators have been asking for a long time for flexibility with funding, and this is the first time it has been given.

We are recommending that only 2008-2009 carryover ending balances that have not been used over a period of time and new 2009-2010 allocations that are not already supporting programs be transferred to the unrestricted fund and used to offset the district’s deficit spending in the amount of $184,982.

Sharon McGaughey, GATE Coordinator, requested that $6,000-$7,000 of the GATE fund carryover not be transferred to the unrestricted fund so that she will be able to proceed with two planned purchases for the program: new testing material and
equipment to set up a small television studio so GATE students can produce programs that will be shown throughout the school. The purchase of the equipment had been deferred until after the rewriting of the GATE plan in May 2009.

There being no additional public input, the hearing was closed at 7:05 p.m.

Title I Report - Kim Little, Pinewood Title I teacher, and Paula Rogers, Sierra Ridge Title I teacher, presented information regarding the number of students who receive Title I services, the ways in which those services are provided, and the measurable results of the program. Ralph Haslam, Title I Program Coordinator, reported on the consortia status for English Learner students in meeting the three Annual Measurable Achievement Objectives.

Finance and Business

Approval - It was moved by Mr. Smith, seconded by Mr. Griffin, to exercise the new categorical flexibility options and approve the transfer of categorical funds in the amount of $177,982 to the unrestricted General Fund for the purpose of educational expenditures. These funds are to be comprised of the recommended 2008-2009 ending carryover balances, with the exception of $7,000 of the GATE carryover balance, and the recommended new 2009-2010 allocations that are not already supporting programs. Motion unanimously carried.

Approval - It was moved by Mrs. Stetler, seconded by Mr. Smith, to approve the 2009-2010 Agreement with El Dorado County Office of Education for School Services. Motion unanimously carried.

Approval - It was moved by Mr. Campbell, seconded by Mr. Smith, to approve the revised Service Contract with Warren Consulting Engineers, Inc. in the amount of $12,000 for civil engineering services for the project: Pinewood ES – Installation of Fire Hydrant and Fire Lane Upgrade. Motion unanimously carried.

Acceptance - Chief Fiscal Officer Sean Martin presented the Second Interim Financial Report to the Board. Since the First Interim Report, the State passed mid-year cuts and a 2009-2010 budget resulting in significant funding deficits to revenue limit and state categorical funding for both 2008-09 and 2009-10.
The detail of changes in the district 2008-09 budget due to the adoption of the mid-year state budget was reviewed, as well as highlights of the 2009-10 adopted state budget. Possible changes to the multi-year projection were also reviewed.

The multi-year projection shows the district anticipates deficit spending in the unrestricted fund due to declining enrollment, the deficited revenue limit, and decreased restricted revenues in 2008-09, 2009-10, and 2010-11. Through a combination of the district’s reserve accounts, use of categorical flexibility, and adjustments to the current allocation of funding, the district will be able to meet its required reserves for all three years.

It was moved by Mr. Griffin, seconded by Mr. Smith, to accept the Second Interim Report as presented. Motion unanimously carried.

### Staff Reports and Announcements

The Principals and M&O Supervisor had submitted written reports of activities and programs at their sites.
